

IDENTIFYING TOWING RISKS' COVERAGE NEEDS

When it comes to towing risks, exposures don't stop at trucks. Whether they are providing automobile service work, mobile/roadside operations or auto storage operations, Arlington/Roe can help you offer everything your risks need.

From a 1-unit, local towing risk to a fleet of wreckers, we have solutions to help protect every aspect of your Insureds' operations.

AUTOMOBILE - Auto liability & physical damage for scheduled trucks.

ON-HOOK/IN-TOW - Coverage for customers' vehicles while being towed.

GARAGEKEEPERS/STORAGE - Coverage for customers' vehicles while being stored/parked onsite.

GARAGE LIABILITY - Liability coverage for any body shop or auto maintenance work that may be offered. This includes mobile service operations.

GENERAL LIABILITY - Broader liability coverage for other operations that may be present onsite such as retail store operations, gas station sales, etc.

PROPERTY - Coverage for their building, equipment, tools and outside property such as signs.

EXCESS/UMBRELLA - Optional higher limits available to extend over the auto and garage/general liability.

If you have a towing risk that you'd like to discuss with us, please contact a member of our transportation team below.
