

TRANSPORTATION NON-EMERGENCY MEDICAL TRANSPORT

Non-emergency medical transportation (NEMT) provides rides to those who need special attention while being transported to and from health care facilities. This includes specially equipped vehicles that transport passengers using wheel chairs, gurneys or stretchers.

VEHICLE TYPES

- Medivans
- Non-emergency ambulances
- Full size vans
- Minivans
 - Must be modified to accommodate a wheelchair
 - Must have 4 point tie downs
 - Must provide transportation for medical appointments only

TARGET CLASSES

- Vehicles transporting the physically disabled or individuals under medical care
- Vehicles owned by senior citizen centers, nursing homes, hospitals, etc.
- For-hire medical transportation services
